

Our History

Another Child Foundation became a 501 (c) 3 organization in 2010 by founders Tim Oloffson and John Frank Reeve. However, ACF has roots to Romania which date back to 2001 when John Frank performed summer camps for orphans through Buckner Romania in 2001 and Tim back in 2006.

Our Mission

Another Child Foundation's mission is to *reach, teach, and transform* the lives of orphaned and at-risk children in Romania. The educating and transformation of children and their families is the top priority in Romania. The impact ACF will have in US communities is the life-changing experiences of those who travel with ACF. The mission trip experience can be a catalyst for people to return home and be a spark that will transform their community.

Our Vision

The immediate future of Another Child Foundation resides in our ministry to the Gypsy families in Tarnaveni, Romania. By transforming the Point of Hope from empty areas into classrooms and educational centers for families, the impact our ministry can have in the community will multiply immeasurably. The orphan ministry's future resides in building a new and permanent home for all of the orphans we serve. The designing and building of a new home specifically to meet the needs of the family structure is an important piece to transforming the lives of more abandoned children.

Project Respond

Another Child Foundation provides humanitarian aid to our Romania partner, Fundatia Buckner to improve the living conditions and well-being of the children and families we assist. Through these support drives we demonstrate the love that God has put onto our hearts to transform the hearts of those less fortunate. Each year ACF sends a large shipping container of humanitarian aid items to Romania to support the ongoing work. Typical items which are sent each year are: new shoes, winter boots, socks, school supplies, blankets/quilts, winter coats, backpacks and clothing. Last year Another Child Foundation collected over 21,000 items from 47 different churches and organizations to send to Romania. This year ACF anticipates over 65 churches and organizations from 4 states to once again participate in the collection of this vital humanitarian aid.
